Re: Business Opportunity Rule, R511993

Dear Sir or Madam:

I am very concerned about the Business Opportunity Rule R511993 that is being proposed. I cannot see myself being able to continue as a Distributor with StemTech HealthSciences, Inc. because of all the difficulties that are being put in our way. I feel there is also our personal and private identity issues to consider.

I became a part of the direct selling industry to meet people, enjoy added income and just to have the successful and fulfilling experience of helping others also get added benefits, financially and otherwise. It is the perfect idea for a stay-at-home mom to be able to do this type of business.

I realize the fact that the FTC is to protect us, but this Rule R511993 just goes too far!! It will be a burden, difficult to achieve and risky in the long run. Please, DON'T TAKE AWAY OUR DREAMS!!

Thank you for considering my comments.

Sincerely,
